We are a 'non-compete Autism Coalition'. This means that we strive to unite Autism groups, families, those working for positive changes for the Autism community of Nevada together.

Our members consist of; leaders of Autism advocacy organizations & their members, public & private group leaders, local, regional and national Politicians, and individuals; parents, caregivers, health-care providers, therapists, and specialists for children with Autism and related Neurodevelopmental Conditions. Our members share our common mission and the desire to make a positive difference.

Our goals include: to keep our communities informed and educated with accurate information, providing referrals to access an early diagnosis, \*'evidence based' treatment options, providing a forum for participation in various political, public and private Autism advocacy projects, including Nevada state legislative reform.
